## **Protocol for the arrival of businesspeople from abroad to Israel during the coronavirus pandemic**

### **Client Updates**

The Ministry of Economy and Industry, together with the Population and Immigration Authority, formed a protocol aimed at assisting Israeli businesses in maintaining their regular business operations during this challenging time, and permitting the arrival of businesspeople from "green" countries to Israel, without taking a COVID 19 test nor entering into isolation, and from "red" countries, under certain restrictions.

Partner Sagit Ohana-Livne and Senior Associate Shani Weiss in a client update reviewing the Protocol for the arrival of businesspeople from abroad to Israel during the coronavirus pandemic.
