Analyzing the COVID-19 vaccine data sharing agreement between Pfizer and the Israel Ministry of Health.

Publications

In an article published by the IAPP, our partner Assaf Harel, who leads Gornitzky's privacy and biomed practices, analyses the COVID-19 vaccine data sharing agreement between Pfizer and the Israel Ministry of Health.

"The agreement demonstrates a clear intention of the parties to avoid the sharing of personal data and, therefore, alleviates many of the privacy concerns regarding the MoH's undertakings toward Pfizer,"
