Public Debt Offering by Melisron Ltd. Amounting to Approximately NIS 570 Million

News

Our firm successfully represented Melisron Ltd. in a public debt offering totaling approximately NIS 570 million. The offering, conducted through the expansion of an existing bond series (Series 21), received an impressive response from investors. The high demand allowed Melisron to increase the initial planned offering size from approximately NIS 400 million to NIS 570 million, underscoring the market's high level of confidence in the company and its business operations.
